

MYBOARD

DIGITAL NOTICE BOARD - ANTIVANDAL

Get MyBoard (15", 32" or 43") at the center of your digital lobby. Smart, future proof and efficient.

Broadcast live information on the screen. Connected to the MyDecayeux back office, you can create your messages and get them displayed on MyBoard in one click! You can also use your own Android app as an alternative to display messages.

The touch screen can display widgets, as well as information only related to the residence (upcoming maintenance work, weather, live traffic, local business offers...)

3 connections options :

- 4 G router with 4G SIM card
 - Wifi
 - ethernet cable
- Access to electric socket is required
