Security & Automation

FR120MBV

Multiple mailboxes | FR120 Fire rated

FR120MBV

When deciding on the correct mailbox to purchase, it is essential that the buyer is clear about the location that the fire rated mailboxes are going to be located. Choosing a standard mailbox may disable the Fire Rating of the property and become vulnerable to fire. We have worked with EXOVA Warrington to achieve full Fire Rating (two hours integrity) to BS 476 Part 22 conform to BS476 Part 6 & 7. Our Fire Rated range of mailboxes were successfully selected for installation at the Athlete Village during the London 2012 Olympics and comply to the SBD Homes guide 2023.

FEATURES

APPLICATIONS
